By Elle Gee This book got me through Nursing school first semester with very simple wording on each patho we learned. I love this little book. 0 of 0 people found the following review helpful. A must for nursing school By Christa Lee Has helped me to understand patho. Our textbook is just too cumbersome! This book is worth the price and even more. 0 of 0 people found the following review helpful. Great purchase By bentz Definitely a good purchase. Very valuable resource

Pathophysiology Made Incredibly Easy! Third Edition provides up-to-the-minute, comprehensive information on pathophysiology in a practical, easy-to-understand, and entertaining manner. Chapters cover cancer, infection, immune disorders, genetics, and disorders of each body system, highlighting pathophysiologic processes, resulting signs and

symptoms, diagnostic test findings, and current treatments. Reader-friendly features include illustrations, checklists, and full-color miniguides illustrating the pathophysiology of specific disorders. This edition has new full-color miniguides on cancer pathophysiology and neuropathology. A new Focus on Genetics feature identifies gene-related discoveries and their implications for treatment or diagnosis. Review questions and answers follow current NCLEX-RN requirements and alternate-format questions are included.
