A valuable reference to keep on handBy RJ JohnsonThis book is an interesting browse, but with the handy tabs and well-organized layout, it is a book to refer to "in case of..." Based on the book I have decided to stockpile a couple of medications against the day that WILL arrive at some point in the future.0 of 1 people found the following review helpful. It to help plan response when things get down and dirty.By Russell V.This is a handbook for response. It to help plan response when things get down and dirty.

A step-by-step guide for emergency responders, covering biological, chemical, incendiary, explosive and nuclear attacks, with in-depth information on biological and chemical agents written by experts in the field.
