Lorraine M. Papazian-Boyce : Pearson's Comprehensive Medical Coding before purchasing it in order to gage whether or not it would be worth my time, and all praised Pearson's Comprehensive Medical Coding:

2 of 2 people found the following review helpful. Good book!By S. MckinneyVery well laid out and relatively easy to understand2 of 2 people found the following review helpful. Five StarsBy CustomerGreat book for helping to understand medical coding.1 of 1 people found the following review helpful. Five StarsBy Customerall that I needed

Pearson's Comprehensive Medical Coding is the recipient of the Most Promising New Textbook Award from the Textbook and Academic Authors' Association Pearson's Comprehensive Medical Coding: A Path to Success offers comprehensive coverage of all code sets (ICD-10-CM/PCS, ICD-9-CM, CPT, HCPCS) and can be used for three coding courses: diagnosis coding, physician procedure coding, and inpatient hospital coding. Designed to give readers a strong foundation in essential competencies, Pearson's Comprehensive Medical Coding organizes chapters around

three basic coding skills abstracting, assigning, and arranging codes. Students are guided through the entire coding process in each chapter. Flexible in its organization and progressive in its numerous exercises of varying levels, the book is appropriate for traditional, modular, linear, and wheel courses. Guided Examples teach the coding process, while Mini-medical Records help students learn how to identify and abstract pertinent information from medical documentation. Throughout the book, superior in-text features provide a clear learning path to student success. Also available with MyHealthProfessionsLab This title is also available with MyHealthProfessionsLab an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn and test their understanding to help them better absorb course material and understand difficult concepts. Comprehensive content spans the entire MIBC curriculum, allowing instructors to customize their course and providing students with a consistent learning experience across the program. Students, if interested in purchasing this title with MyHealthProfessionsLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. NOTE: You are purchasing a standalone product; MyHealthProfessionsLab does not come packaged with this content. If you would like to purchase both the physical text and MyHealthProfessionsLab search for: 0134254376 / 9780134254371 Pearson's Comprehensive Medical Coding plus MyHealthProfessionsLab with Pearson eText for MIBC -- Access Card. That package consists of: 0133797783 / 9780133797787 Pearson's Comprehensive Medical Coding 0134141466 / 9780134141466 MyHealthProfessionsLab with Pearson eText -- Access Card--for Comprehensive Medical Coding, 1/e

About the Author Lorraine M. Papazian-Boyce, MS, CPC, is an award-winning instructor and author. She authored the Pearson text ICD-10-CM/PCS Coding: A Map for Success, which received the Most Promising New Textbook Award 2013 from the Textbook and Academic Authors Association. She was named Educator of the Year Instruction 2011 by Career Education Corporation (CEC). Lorraine has taught at Everest College, Colorado Technical University Online (CEC), and Pioneer Pacific College, with experience teaching in both traditional and online programs. She has over 30 years of experience in healthcare administration and founded and owned a successful medical billing and coding company for several years. She worked for KPMG as a management consultant to hospitals, nursing homes, and physicians. Lorraine has contributed to textbooks from multiple publishers as well as several journals in the health professions field. She is a nationally known speaker on ICD-10-CM/PCS coding, medical billing, and teaching methods. She holds a M.S. in Health Systems Management from Rush University; the CPC credential; and is an AHIMA-Approved ICD-10-CM/PCS Trainer and Ambassador.
