From Springer : Person-Centered Health Records: Toward HealthePeople (Health Informatics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Person-Centered Health Records: Toward HealthePeople (Health Informatics):

Divided into three sections for easy use, including examples from person-centered systems already in place in the US
Editors have brought together contributors from varied health care sectors in the United States and elsewhere public
and private, not-for-profit and for-profit
