This one has none.By TamIt's hard to give this book a stellar review when the answer key to activities located throughout the book are omitted. Loved it!By ShawnIt was exactly what I needed. No damage present but that didn't really matter, as long as all the pages were there! Lol. But it's exactly what I asked for.0 of 0 people found the following review helpful. Just what I needed for school.By laceyJust what I needed for school.
