Kathryn A. Booth RN MS, Lillian Mundt : Phlebotomy: A Competency Based Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised Phlebotomy: A Competency Based Approach:

0 of 0 people found the following review helpful. Phlebotomy: A Competency Based Approach TextbookBy Sister AvalonI need this book for a medical/clinical laboratory class I am taking this semester. It was mandatory for class - it is a little bit scattered with information but it is decent and offers lots of helpful reads. It is more along the lines of 3.8 stars.I also purchased my used from - it was in decent shape and the price wasn't too bad either; it was \$60 cheaper than a new book.0 of 1 people found the following review helpful. Five StarsBy CustomerVery good book...I'm doing great in my class.0 of 1 people found the following review helpful. Five StarsBy nakmtItem arrived on time as described.

Competency is within your reach with the fourth edition of *Phlebotomy: A Competency-Based Approach*. With *Phlebotomy's* pedagogy-rich format and plentiful Competency Checks, easily grasp not only essential phlebotomy skills and competencies, but also the critical soft skills needed for a successful transition from classroom to lab.

About the Author Lillian A. Mundt, EdD, MLS(ASCP)SH, LMT(NCBMT) is a medical laboratory scientist, massage therapist, curriculum designer, and author. Her background includes a bachelor's degree in medical technology, a master's degree in health professions education, and a doctorate in educational leadership. For over 30 years, she has developed and taught phlebotomy programs, clinical laboratory science programs, and graduate programs at both hospital and university-based institutions. She has authored and developed course materials used in online continuing education programs for colleges and universities, as well as online continuing education companies. In addition, Dr. Mundt has authored several articles for professional journals; a text for Lippincott, Williams, and Wilkins; and a dissertation. Dr. Mundt has presented at local, state, and national conventions since 1994. Her current focus is on developing educational materials for medical laboratory science and health professions education. She remains current in both her professions by maintaining employment as a Medical Laboratory Scientist (MLS) as well as by developing and teaching courses on a contractual basis.
