Will need to cancel the order Iwill buy the book somewhere else.Sorry,Pam Wilson3 of 4 people found the following review helpful. Case study approach onlyBy Kelley J. LohrThis book brings up just about every situation you could encounter as a phlebotomist! For the person who really wants to know what to do in almost any situation that could arise!

Enhance your students' learning in phlebotomy! Suitable for use with any phlebotomy text, this new workbook includes 40 case studies to help apply concepts, methods and techniques, and information to actual situations. Case studies are diverse in patient types and situations. Key questions accompany each key study. Terms are highlighted in

glossary format.
