Kathryn A Kalanick : Phlebotomy Technician Specialist (Medical Lab Technician Solutions to Enhance Your Courses!) before purchasing it in order to gage whether or not it would be worth my time, and all praised Phlebotomy Technician Specialist (Medical Lab Technician Solutions to Enhance Your Courses!):

0 of 0 people found the following review helpful. Five StarsBy Kendra MeekItem as described.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat book very helpful and was in awesome condition0 of 0 people found the following review helpful. Great!By SaraVery happy with my purchase thank you so much

This dynamic, full-color book presents all of the information you need to perform phlebotomy skills expertly. Whether

new to the medical field or cross training from another Allied Health profession, Phlebotomy Technician Specialist is versatile enough to be used by learners and medical professionals that have not previously performed phlebotomy procedures. Two separate chapters on point-of-care testing separate enhanced skills such as taking a patient's vital signs, temperature, pulse, respirations, and blood pressures from specialized testing such as hematocrits, hemoglobins, blood pressure, coagulation studies, pregnancy testing and other point-of-care tests for more thorough coverage. With an approach that emphasizes the importance of customer service, this book helps facilitate a smooth transition between educational and work environments.

"I wouldn't change a thinghellip;It is in depth and would give phlebotomists a great base."Kelli M. Hiller, MS, MLS (ASCP), Blood Bank, Phlebotomy and Central Processing Supervisor and Adjunct Professor, Signature Healthcare and Bristol Community College, Brocton and Fall River, MAAbout the AuthorKathryn Kalanick has been a post-secondary educator for 30 years. Her last position, prior to starting her own company, was as Director of Education for the Career Academy in Anchorage, Alaska. Ms. Kalanick has been instrumental in developing numerous Allied Health Care curriculums, for both on-ground and on-line programs, for national accreditation. Ms. Kalanick serves as a member of several educational advisory boards nationwide and has served as a member of both the Medical Assistant and Phlebotomy Examination review teams for NCCT and currently serves as the Chair for NCCT's Board of Testing. She currently owns and operates Educational Pathways in Utah, and works as an author, consultant, invited speaker, curriculum developer and instructional designer. She is a Certified Medical Assistant and Nationally Certified Phlebotomy Technician, as well as one of the nation's first Certified Postsecondary Instructors to earn the CPI (NCCT) credential.
