1 of 1 people found the following review helpful. online practice text sucks!!!By eduardothe book is ok but to used the code is a headache, and you can only use once, as soon as you assess the test you have to do it, I close and try to get in again to finish another exam, and I couldn't because they states that I already redeem that code, so you can only used once, try to call customer service, phone just rings and rings, Don't buy it for the prep test only, but if just want to read...Don't recommend!!0 of 0 people found the following review helpful. Good study bookBy kristyGood study book for the PTA exam. Gives good review of each test category and lots of practice questions. Good book to test your knowledge. Beware a few typos, nothing too major. I would use this as a supplemental study book. There are no pictures, which is HUGE for me. PT is a very visually demanding field, understanding how something appears is half the battle sometimes. I would recommend scorebuilders or one of the other similar books. This is a great study book

for the price though and would make a great supplement or last resort study book.0 of 0 people found the following review helpful. Four StarsBy Joaquin T.Very good and fast.
