Annie Burke-Doe : Physical Therapy Case Files: Neurological Rehabilitation before purchasing it in order to gage whether or not it would be worth my time, and all praised Physical Therapy Case Files: Neurological Rehabilitation:

0 of 0 people found the following review helpful. Very comprehensive for each of the cases and was an excellent preparation for clinical internships in PT schoolBy CustomerThank you! I appreciate the applicability of the cases and the comprehensive review of information related to each case, as well as examples of viable interventions. Very

comprehensive for each of the cases and was an excellent preparation for clinical internships in PT school! 1 of 1 people found the following review helpful. This is exactly what I have been looking for as ...By Nicole M. This is exactly what I have been looking for as a SPT who desperately needs help in the clinical reasoning of neurological cases in PT. Looking forward to working through the rest of the cases. This book is helping to make neuro PT make more sense to me! 0 of 0 people found the following review helpful. Very helpful with my lecture. Really informative and comprehensive ...By Minerva Zaniebeth Gomez Very helpful with my lecture. Really informative and comprehensive (from etiology to treatment planning) and has a lot of sample neurologic cases (more than 30).

SHARPEN YOUR CRITICAL THINKING SKILLS AND PREPARE FOR REAL-WORLD PRACTICE WITH CLINICAL CASES New in the authoritative Case Files series, *Physical Therapy Case Files: Neurological Rehabilitation* gives you case studies that illustrate critical concepts you need to build and enhance your skills in physical therapy. Each case includes a discussion of the health condition, examination, evaluation, diagnosis, plan of care and interventions, evidence-based practice recommendations, and references. NPTE-style review questions accompanying each case reinforce your learning. With *Physical Therapy Case Files: Neurological Rehabilitation*, everything you need to succeed in the clinic and on the NPTE is right here in your hands. 31 acute-care cases with National Physical Therapy Examination-style review questions help you learn best practices in the context of patient care. Enhance your practice with evidence-based cases written by leading clinicians, researchers, and academics. Includes evidence-based ratings for examination and treatment plans. Perfect for coursework use and NPTE preparation.

About the Author Erin Jobst is an Assistant Professor at the Pacific University School of Physical Therapy, in Hillsboro, OR, where she teaches courses covering physiology, pathology, pharmacology, patient care skills and therapeutic exercise. She also has extensive practical experience working in an Acute Care Hospital.
