Ruth Ballweg MPA PA-C Emeritus DFAAPA, Sherry Stolberg MGPGP PA-C, Edward M. Sullivan MS PA-C : **Physician Assistant: A Guide to Clinical Practice** before purchasing it in order to gage whether or not it would be worth my time, and all praised Physician Assistant: A Guide to Clinical Practice:

2 of 8 people found the following review helpful. A Good Help for BoardsBy A CustomerI felt this book is worthwhile to supplement studies for certification and recertification for national boards.

Here's the 2nd Edition of the popular resource that covers everything from the general history and context of physician assisting to the clinical skills PAs must learn. Provides guidance in history taking, physical exam techniques, and case presentations, and also covers professional issues of stress, health care financing, and more. Contains strong coverage of pharmacology -- including drug selection, patient education, placebos, and prescriptive practice. This edition presents extensive updates in the chapters covering the role of the PA in emergency medicine and obstetrics and gynecology.
