**Gillian Emblad, Scott Plantz : Physician Assistant Exam Review: Pearls of Wisdom, Third Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Physician Assistant Exam Review: Pearls of Wisdom, Third Edition:

0 of 0 people found the following review helpful. Two StarsBy m. amhayesDid not like the format.1 of 1 people found the following review helpful. Fun, quick reviewBy kage2978This book is useful but you will most likely want another book to compliment it. It has useful questions with short, to the point answers that you should know. My favorite part of the book is the mneumonics section and that there is a section on pharmacology. More of a fun, triva-like book.14 of 14 people found the following review helpful. good startBy F. SerajGood book to get you started on studying but way too many errors. Disappointing that the test at the end of the book is exactly the same as in the sections.
