**Auth : Physician Assistant Review (2nd, 05) by Auth, Patrick C [Paperback (2005)]** before purchasing it in order to gage whether or not it would be worth my time, and all praised Physician Assistant Review (2nd, 05) by Auth, Patrick C [Paperback (2005)]:

0 of 0 people found the following review helpful. Physician Assistant ReviwBy dona sabolUseful guide for starters, but it needs a supplement to the study process . Easy book to follow. Would add to study routine.0 of 0 people found the following review helpful. I recommend this bookBy anagomezI used this book to study for my board exam, it's a very practical book, I recommend this book.1 of 1 people found the following review helpful. Excellent review...By Mr. HaynesAs a second year PA student, the CD provided gives a great review for our "blocks". It does have questionable answers without explanations yes...but that is where personal research will solidify probing questions. I think it is a great tool to utilize since it has so many questions included in the CD. When I only have a few hours to fit in a good review, this is where I turn! The book is also well compartmentalized. Would buy again.
