Carol J. Buck MS CPC CCS-P : Physician Coding Exam Review 2016: The Certification Step, 1e before purchasing it in order to gage whether or not it would be worth my time, and all praised Physician Coding Exam Review 2016: The Certification Step, 1e:

0 of 0 people found the following review helpful. Five StarsBy Customervery useful0 of 0 people found the following review helpful. Five StarsBy SPCExcellent book. Really useful . Helped me a lot for preparing for the AAPC exam.0 of 0 people found the following review helpful. Five StarsBy suzanne cooleyJust the book I needed for class and in the future.

Prepare to succeed on your physician coding exam with Physician Coding Exam Review 2016: The Certification Step! From leading coding author and educator Carol J. Buck, this exam review provides complete coverage of all topics included on the physician coding certification exam including anatomy, terminology, and pathophysiology for each body system; reimbursement issues; CPT, HCPCS, and ICD-10-CM coding (with ICD-9-CM posted on Evolve

companion website); and more. Four full practice exams simulate the testing experience, include answers and rationales, and provide enough practice to reassure even the most insecure exam-taker. It's the only physician coding exam review you need! Comprehensive review content covers everything you need to know to pass the physician coding certification exam. Mobile-optimized quick quizzes provide extra practice and review with 380 additional medical terminology, pathophysiology, CPT, ICD-10-CM, and HCPCS questions. Practice exams on the Evolve website allow you to assess strengths and weaknesses and develop a plan for focused study, including a Pre-Exam to be taken prior to studying, the same exam again as a Post-Exam to be taken after your review, and a Final Exam that simulates the experience of taking the actual physician coding exam. Answers and rationales to the Pre-/Post- and Final Exams are available on Evolve. Netter's Anatomy illustrations help you understand anatomy and how it affects coding. Real-world coding reports (cleared of any patient identifiers) simulate the reports that you will encounter on the job and challenge you to apply key coding principles to actual cases. Success Strategies section in the text guides you step-by-step through the entire exam process. Concise outline format helps you access information quickly and study more efficiently. Colorful design and illustrations make study and review easier and more engaging. NEW! All diagnosis coding content is updated to ICD-10-CM, preparing you with all the ICD-10-CM information you need for success on the certification exam. Updated content includes the latest coding information available, promoting exam success and accurate coding on the job. NEW! ICD-9-CM versions of Units 4-5 and the practice examinations are posted to the Evolve companion website, so that you are prepared no matter which diagnosis code set is being tested on for your specific exam.
