I am getting into reading it now and get my PDE material ready when the times comes.0 of 1 people found the following review helpful. Five StarsBy Erendira Cuarao:)0 of 0 people found the following review helpful. Left me uninspired and tiredBy Brian PittsA difficult read that could benefit from better organization and less redundancy. My preference is to read primers that inspire further study while lowering the barriers to learning. I needed to work a bit harder to understand this author's ideas.

Planning, program development, and evaluation are emerging as routine functions of health care and social agencies. The concepts and approaches presented in this book provide an efficient approach to planning, program development, and evaluation for all health and human service populations.
