From Saunders : Policy Politics in Nursing and Health Care, 6th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Policy Politics in Nursing and Health Care, 6th Edition:

2 of 2 people found the following review helpful. It also didn't come in the best of conditionsBy vkThis book did the job. It was required for my wife's class and she was able to get all that she needed from it. The book came w/ an rental sticker when it was actually purchased. So the sticker takes a bit away from the looks. It also didn't come in the best of conditions, however function before form in this case.0 of 0 people found the following review helpful. Four StarsBy JeannieWorks. It could do without the Satanic symbol on the front though.0 of 0 people found the following review helpful. It was easy and fun to understand and readBy Robert HThe book arrived on time and covered basic concepts of nursing policy and politics. It was easy and fun to understand and read! Worth the money! The book is a great go to book if one is looking to learn how to change policy by using the political process.

Featuring analysis of healthcare issues and first-person stories, Policy Politics in Nursing and Health Care helps you

develop skills in influencing policy in today's changing health care environment. Approximately 150 expert contributors present a wide range of topics in policies and politics, providing a more complete background than can be found in any other policy textbook on the market. Discussions include the latest updates on conflict management, health economics, lobbying, the use of media, and working with communities for change. With these insights and strategies, you'll be prepared to play a leadership role in the four spheres in which nurses are politically active: the workplace, government, professional organizations, and the community. Comprehensive coverage of healthcare policies and politics provides a broader understanding of nursing leadership and political activism, as well as complex business and financial issues. Expert authors make up a virtual Nursing Who's Who in healthcare policy, sharing information and personal perspectives gained in the crafting of healthcare policy. Taking Action essays include personal accounts of how nurses have participated in politics and what they have accomplished. Winner of several American Journal of Nursing "Book of the Year" awards! 18 new chapters ensure that you have knowledge of the most up-to-date information on policy and politics. The latest information and perspectives are provided by nursing leaders who influenced health care reform with the Patient Protection and Affordable Care Act of 2010.
