almost can't go wrong with a baseball book from the American Baseball Coaches Association (AABCA) and in my opinion this one is a great one. The information in this book was gleaned from some of the most knowledgeable and best coaches in the country and is very well organized. If you are serious about running an efficient and successful baseball program, Practice Perfect Baseball will give you a huge push in that direction.

Successful seasons don't begin on opening day. They begin long before, in the cages, gym, locker room, and practice field. There, consistency, execution, and teamwork form the foundations of powerhouse programs and championship titles. While most coaches understand the importance of practice, far fewer have perfected it year after year, team after team. In Practice Perfect Baseball, the game's premier collegiate coaches share their approaches, experiences, and philosophies on every facet of practice. This authoritative guide goes beyond the stretches and drills straight to the heart of winning—effort and attitude. From structuring sessions to evaluating practice performance, the vast information allows you to choose what you wish to implement in your program. You'll find unique insights and invaluable advice from the all-star roster of contributors: Ed Cheff Pete Dunn Dan Hartleb Steve Jaksa Tim Jamieson Mark Johnson Keith Madison Sean McNally Dave Perno Gary Pullins Terry Rooney Dave Serrano Gary Ward Bob Warn. In Practice Perfect Baseball, you'll identify and establish a practice ethic, learn to assess team strengths, and develop players' skills in the field, on the mound, or at the plate. You'll also learn to make the most of indoor practices, incorporate technology to perfect skills and evaluate performance, and prepare your team for upcoming opponents. Developed by the American Baseball Coaches Association and edited by Bob Bennett, Practice Perfect Baseball is essential reading for every coach at every level of the sport.
