before purchasing it in order to gauge whether or not it would be worth my time, and all praised Preparedness and Response to a Rural Mass Casualty Incident: Workshop Summary (Forum on Medical and Public Health Preparedness for a Catastrophic Events):

Problems contacting emergency services and delayed assistance are not unusual when incidents occur in rural areas, and the consequences can be devastating, particularly with mass casualty incidents. The IOM's Forum on Medical and Public Health Preparedness for Catastrophic Events held a workshop to examine the current capabilities of emergency response systems and the future opportunities to improve mass casualty response in rural communities.
