**From Data Trace Legal Pub Inc : Review Text in Podiatric Orthopedics and Primary Podiatric Medicine** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Review Text in Podiatric Orthopedics and Primary Podiatric Medicine:

0 of 0 people found the following review helpful. Five Stars By Naji Hawawini Best review Book 2 of 2 people found the following review helpful. Well Organized, helpful By A Customer A great review for board certification preparation general review. The Editors and authors, truly did an outstanding job compressing the world of data into a simple and

easy format. My success on the certification exam with ABPS and ABPOPPM was directly helped by this book and BeCertified's course. 1 of 2 people found the following review helpful. Review Text in Podiatric Orthopedics and Primary Podiatric Medicine By Steven L. Goldman. Comprehensive and Excellent review for individuals preparing for the Primary Podiatric Medicine/Orthopedic Boards. Recommended text for my PPMR residents. Great study guide. Well organized.

This reference text, presented in easy-to-read outline format, serves both as a source for quick information for the podiatric physician and as a handy study guide for the certification examinations in podiatric orthopedics and medicine. The information is intended to give a good overview of the subject matter and to provide a suggested reading list for more in-depth study.
