From Dept. of the Army : Safety and Health Requirements Manual, 2008 before purchasing it in order to gage whether or not it would be worth my time, and all praised Safety and Health Requirements Manual, 2008:

This is the current edition of the EM 385. It is the required standard for any work done under FAR Clause 52.236-13.

If you are bidding or starting work on a US Army Corps of Engineers project, this is the book you need.
