From Nova Science Publishers : Saturated Fats: Metabolism, Disease Risks and Public Awareness (Nutrition and Diet Research Progress) before purchasing it in order to gauge whether or not it would be worth my time, and all

praised Saturated Fats: Metabolism, Disease Risks and Public Awareness (Nutrition and Diet Research Progress):

Presents research in the study of the metabolism, disease risks and public awareness of saturated fats. In this title, topics discussed include the epidemiological evidence and dietary intervention studies regarding the relationship of fats, carbohydrates and risk of coronary heart disease.
