I. Alcamo : Schaum's Outline of Microbiology before purchasing it in order to gauge whether or not it would be worth my time, and all praised Schaum's Outline of Microbiology:

0 of 0 people found the following review helpful. bookBy Laura PaalanenIts a book. it was for a class I had taken. I should be able to give 5 stars for a product and leave it at that !!0 of 0 people found the following review helpful. schaum's microbiology study guideBy Teresataking online courses, this book helped with more information and quizzes at the end of each chapter.3 of 3 people found the following review helpful. The only study guide you'll need for microbiologyBy K. LynchThis book was excellent for my undergraduate microbiology class needed for a nursing program. It was by far the best study guide I found and really helped to summarize the information in an easy to understand manner before I tackled the reading in my textbook. It was also a great review for the exams and had lots of questions to test yourself on your understanding of the material. This book really helped make my study time more

efficient and I did get an A in my class. There are some mistakes in the book, which is why I didn't give it 5 stars. I also used Microbiology Study Guide by Dr. Leonardi, which is excellent, but if you can only buy one study guide, this is definitely the book to buy.

Confusing Textbooks? Missed Lectures? Not Enough Time? Fortunately for you, there's Schaum's Outlines. More than 40 million students have trusted Schaum's to help them succeed in the classroom and on exams. Schaum's is the key to faster learning and higher grades in every subject. Each Outline presents all the essential course information in an easy-to-follow, topic-by-topic format. You also get hundreds of examples, solved problems, and practice exercises to test your skills. This Schaum's Outline gives you Practice problems with full explanations that reinforce knowledge Coverage of the most up-to-date developments in your course field In-depth review of practices and applications Fully compatible with your classroom text, Schaum's highlights all the important facts you need to know. Use Schaum's to shorten your study time-and get your best test scores! Schaum's Outlines-Problem Solved.
