Cindy Owen : ScoreCards for Vascular Technology before purchasing it in order to gage whether or not it would be worth my time, and all praised ScoreCards for Vascular Technology:

0 of 0 people found the following review helpful. Good for ARDMS exam preparationBy Dr DroneI like this because it has over 500 questions with short answers - It is fun to read and easy to digest - the first 200 questions are very basic and ideal for non physicians. The second part has useful information for ARDMS type tests.1 of 1 people found the following review helpful. Vascular flash cardsBy Wendy PThese are great cards for studying for your boards. They are bound by a large spiral wire, so they are easy to flip through. A great study guide for a few minutes in between patients at clinicals or even at red lights. I had seen my preceptors have them so I knew what I was getting before ever ordering.0 of 0 people found the following review helpful. Five StarsBy PEGGYEXCELLENT HELP for RVT exam!

The sophisticated ScoreCards flip- and flashcard study system yields maximum gain with minimum pain, and its fun! Exercise your ability to think fast and recall key facts wherever you areat lunch, on weekend outings, or between patients. Written by well-known experts, these handy ScoreCards deliver nearly 400 questions keyed to the registry own examination outline together with answers, clear explanations, and quick references for further study. Fifty image-based cases prepare you to tackle scans on the exam. Why are our study aids and educational resources so popular and effective? Because they contain the same kinds of thought-provoking questions you will find on the real exam! Approved for 7.5 hours of continuing medical education (CME) credit by the Society of Diagnostic Medical Sonography (SDMS).

From the PublisherReady to . . . SCORE? You Can! Davies 123 Step Ultrasound Education Test Preparation is a proven, systematic, step-by-step means of preparing for the registry examinations that works, not only for test preparation, but also for clinical education, cross-training, and classroom education. Heres how . . . Step 1 Texts: CME-approved didactic texts cover and explain everything on the exam content outlines published by the ARDMS, concisely and precisely, with illustrations and references. They do such a good job that they are used in ultrasound programs throughout the country and by professionals for cross-training and continuing medical education.

Step2Mock Examinations: Test yourself! Our well-known, registry-like practice exams identify your strengths and weaknesses by exam topic, familiarize you with the format and style of the registry exams, and measure your progress as you study. (Now available in both book CD-ROM versions!) Step 3QA Memory Skills Flashcard Drills: Great confidence builders! ScoreCards allow you to reinforce the concepts and principles covered in Step 1 reviews as well as those you must know to answer the more complicated registry-style questions in the Step 2 mock exams. Life Is A Test . . . Pass It!
