**American Optometric Association : Self Study Course for Optometric Assisting** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Self Study Course for Optometric Assisting:

0 of 0 people found the following review helpful. Good. By Cindy Lightly used which is what I expected. Perfect additional reading for what I'm studying for, CPOA.

This textbook is aimed at the optometric assistant and provides basic information on situations commonly encountered in practice. Self-assessment exams are included as preparation for the AOA National Registry Examination for optometric assistants. A glossary of ophthalmic technology is included.
