William L. Leonard : Self-Study Exercises in Radiography before purchasing it in order to gage whether or not it would be worth my time, and all praised Self-Study Exercises in Radiography:

This text is composed of a series of learning modules that reinforce basic concepts already covered in a comprehensive radiography programme.

From the PublisherThis book is composed of a series of learning modules that reinforce basic concepts already covered in a comprehensive radiography program. The modules highlight important information taken from 33 popular textbooks and correspond to guidelines found within the ASRT Radiography Curriculum Guidelines.
