ENA : Sheehys Manual of Emergency Care - E-Book (Newberry, Sheehy's Manual of Emergency Care) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sheehys Manual of Emergency Care - E-Book (Newberry, Sheehy's Manual of Emergency Care):

4 of 4 people found the following review helpful. ER nurse necessityBy ER-RNGreat reference for any ER nurse, it is fairly in depth but covers each area well. It perfect prep for taking the CEN, which I plan to take next month!1 of 1 people found the following review helpful. Studying for my CEN, I read this prior to ...By TylerDCStudying for my CEN, I read this prior to buying the ENA CEN review, and I found that this book covered almost all of it. ended up

buying the kindle version as well, and end up using it as a reference on my iphone at work in the ER. 0 of 0 people found the following review helpful. ER New Grad Bible By Krisalyn Kuklock Best book for new grads hands down. I have 5 other ER books I bought before this one when I was a new grad but this is the only one I ever needed. I'm Reading through it cover to cover now that I'm studying for my CEN, and I wished I would've read it sooner! It seems like every question I've ever had at work I'm finding the answer to in this book. Chapters are extremely short and concise, giving you details on what the ED RN needs to know about the subject without extraneous information.

Thoroughly revised and featuring a more efficient and streamlined design, the new 7th edition of Sheehy's trusted emergency care resource offers complete, up-to-date coverage of the essentials emergency nurses need to know. Each condition commonly seen in the emergency setting is thoroughly addressed, from signs and symptoms, to diagnosis, treatment, developmental considerations, patient education, and more. Updated material and easy-to-reference contents make this resource a must-have for current practice. Comprehensive content presents thorough discussion of signs and symptoms, diagnosis, treatment, age/developmental considerations, and patient/family education for each condition. Authorship from the Emergency Nurses Association ensures this book contains the best practices in emergency nursing. Quick-reference format uses a consistent layout to help you find information quickly and easily. NEW! 2-column format features new Tricks of the Trade boxes to give you a professional's perspective on common issues in emergency nursing. NEW! Fully revised content from the ENA and a broad panel of expert contributors includes up-to-date, practical information on topics such as critical care in the ED, time management, the morbidly obese patient, electronic medical records, disaster nursing, forensic nursing, and workplace violence.
