Bruno Chikly : Silent Waves: Theory and Practice of Lymph Drainage Therapy, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Silent Waves: Theory and Practice of Lymph Drainage Therapy, 2nd Edition:

1 of 1 people found the following review helpful. A good book for beginners and refreshersBy CustomerI've read about 10 chapters and thought the information was detailed and professional. I would have rated this book a 5/5, but some of the figures did not completely coincide with the text, forcing the reader to fill in the blanks or weed out extra information from the figure. However, I will continue to refer back to this book for refreshers when needed.3 of 3 people found the following review helpful. Lymphedema Text BookBy CustomerThis is a great text book if you're

starting into manual lymphatic drainage; the exercise cards to go along with manual techniques by Sandy Artzberg are really good too. 18 of 29 people found the following review helpful. Does not describe actual techniques for LDT or MLM. By PT doctor. The text offers a review of the lymphatic system but when it comes to techniques for Lymphatic Drainage Therapy (LDT) or Manual Lymphatic Mapping (MLM) it provides the following text: "These things can only be learned properly in the setting of a professional seminar." Upon talking to a physical therapist who attended the seminar, she told me she was legally bound to not offer any insights into the practice of LDT or MLM. So, Dr. Chikly may be a saint or a Ghandi type person but it sure seems obvious that he does not want anyone to know about his technique unless they pay him \$700 per course (and he offers many, many courses on LDT to become certified). I just think that a lot of what he offers is not based on science, nor does he allow others to test his applications scientifically. In this text he describes his "scientific study" of MLM (that is absolutely flawed) as proof that his MLM can be taught to students (and yet only half get it right after multiple courses on MLM).
