Elsevier : SimChart for the Medical Office (Access Card), 1e before purchasing it in order to gage whether or not it would be worth my time, and all praised SimChart for the Medical Office (Access Card), 1e:

0 of 0 people found the following review helpful. Great!By D SchaffIt's a great product very helpful. Honestly, the only bad this is that I bought it and my teachers didn't end up having me use it much. So kinda a wast of money on my part. However, if it is used regularly it is very informative!1 of 1 people found the following review helpful. Sim ChartBy linda verbridgeWhen I ordered this I thought it was a book to go with my class. But all this is is a password to

a program that I already have. This is a good resource to using various medical billing and coding programs. Good practice.0 of 0 people found the following review helpful. Five StarsBy MishGood but the teacher didn't used to much LOL

Brand New! SHIPS FAST!!!
