Springhouse : SkillMasters: Expert ECG Interpretation before purchasing it in order to gage whether or not it would be worth my time, and all praised SkillMasters: Expert ECG Interpretation:

0 of 0 people found the following review helpful. great condition!By merlthis little book is awesome - we have used the former version in our telemetry room for a long time now and still keep a copy in there - I bought this new one

simply because it is the new one...Great condition and well worth the money. Fast shipping . very well satisfied!
thanks!0 of 0 people found the following review helpful. Four StarsBy philip alexander long jrGreat

Now in its Second Edition, this compact, portable reference is a complete, concise, and straightforward guide to ECG interpretation. The comprehensive coverage includes ECG basics, rhythm strips, arrhythmias, pharmacologic and nonpharmacologic treatments, 12-lead and 15-lead ECGs, and more. The book features scores of waveform illustrations, look-alike arrhythmias with distinguishing features, assessment and treatment algorithms, and troubleshooting tips for ECG problems. This edition has new chapters on pharmacologic and nonpharmacologic treatment and new information on biventricular pacers and ablation therapy. A practice strip appendix has been added for self-testing. Rhythm strips have been added to the Quick Guide to Arrhythmias appendix.
