0 of 2 people found the following review helpful. Good ReviewBy ndukadukeThe book came after a little wait. It was in good order but in spiral bind (didn't expect that)Overall it's okay.0 of 2 people found the following review helpful. Took a while to getBy BryanTook over a month to get. I had to e-mail to find out the status. For such an expensive book it should of been overnighted.

For more than 35 years, So You're Going to Collect a Blood Specimen: An Introduction to Phlebotomy has served as a basic text and functional reference guide for phlebotomy. The latest edition emphasizes safety considerations for phlebotomists, other health care professionals, and patients-especially needlestick safety and prevention.
