DC Robert Monk : Sot Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised Sot Manual:

0 of 0 people found the following review helpful. Five StarsBy ricardogood

This state of the art sacro occipital technique (SOT) text takes SOT into the "evidenced based" 21st century while remaining true to the work of Dr. DeJarnette. While using clear explanations and graphics, this book helps eliminate the mystery and dogma from SOT so that the doctor can understand the why behind various methods of treatment.
