Lee Ann C. Golper : Sourcebook for Medical Speech Pathology (Clinical Competence) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sourcebook for Medical Speech Pathology (Clinical Competence):

0 of 0 people found the following review helpful. Sourcebook for Medical Speech Pathology (Clinical Competence)By

babymagic1955 Very good book and the undated book is even better but this has good information that you need to understand the medical part of the speech pathology.

The first edition of Sourcebook for Medical Speech Pathology was an immense success as thousands of copies were purchased by both clinicians and students worldwide. With thorough revisions, updates, and additions, the second edition represents an even more valuable tool for speech-language pathologists in all clinical settings.
