Sam Slick : Spanish for the Chiropractic Office before purchasing it in order to gauge whether or not it would be worth my time, and all praised Spanish for the Chiropractic Office:

0 of 0 people found the following review helpful. Great book to get started with. By D. K. Parsons Good basic primer to get you started into Spanish within the Chiropractic framework. Spanish speakers will love that you at least get engaged with them in their language. This is a great starting book to get you comfortable with the Spanish language and pronunciation before you go further with other books. I am a chiropractor in San Antonio, Texas and I would recommend this book highly. 2 of 2 people found the following review helpful. Simple, basic, gets the job done. By Melissa E This and one other are the 2 Spanish books I know of for the Chiropractic office. I really like the other one; it is more detailed and comprehensive. However, this book while not as detailed is simple and to the point which is great if you speak very little Spanish or none at all. The phrases are short and sweet and it is divided up and organized from start to finish through the office visit. I would recommend this book for anyone who would like to add their relative value as a chiropractor. 0 of 0 people found the following review helpful. It's a great book. Covers a lot of Medicare and insurance ... By Megan It's a great book. Covers a lot of Medicare and insurance phrases for your front desk person,

which as you may find is critical for your business. Terms are good for patient positioning, and comes with 2 CD's for your drive to work.

At last, the nationally-acclaimed occupational language programs from Command Spanish that are used by the U.S. Government, Fortune 500 companies, and professional associations are now available to the general public! **NO PRIOR KNOWLEDGE OF SPANISH NEEDED!!!** Spanish for the Chiropractic Office allows chiropractors and their staff to communicate with and better assist their Spanish-speaking patients, allowing for a more advanced and wider reaching practice. With over 300 Spanish language commands, statements, and questions, this is the most thoroughly researched and used training book of its kind. By using the input of practicing chiropractors and native Spanish-speakers, the author can guarantee the accuracy of the material contained in this book. **SPANISH FOR ADULT PROFESSIONALS!!!** This book with its two audio CDs will help chiropractors and their staff do the following: collect and give basic information regarding the patient and HIPAA; administer intake instructions and vitals; position patients appropriately; conduct the doctor's exam (interviews, diagnostics, and reports); discuss x-rays and scans; describe, in detail, various treatments; explain adjustments and therapy; give patient discharge instructions; provide instructions for office dismissal; and much more. **NO GRAMMAR!!!**

About the Author Dr. Sam Slick is a professor of Spanish and former chairman of the Department of Foreign Languages at the University of Southern Mississippi. He holds B.A. and M.A. degrees in Spanish from Illinois State University, and a Ph.D. in Spanish from the University of Iowa, as well as diplomas from the Ibero-American University in Mexico City, and from the University of Madrid, Spain. He is a specialist in language acquisition.
