Carol A. Schwartz OD MBA FAAO : Specialty Contact Lenses: A Fitter's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Specialty Contact Lenses: A Fitter's Guide:

Designed especially for the busy practitioner, this new book offers on-the-spot assistance for special fitting situations that are not encountered every day. It represents a compilation of the best advice from foremost authorities on specialty fitting. Unlike any other book of its kind, this task-specific guide provides concise, uncomplicated instructions. Users will conveniently expand their range of contact lens modalities. Topics include toric, aspheric, presbyopia, disposable, pediatrics, and post-surgical, and more. Extremely useful appendices cover basic fitting skills, lens care dispensing, RGP modification, complications, liability malpractice. Text boxes presenting "things you should know" offer handy hints and considerations. "How to" charts provide step-by-step instructions in logical order. For easy access, each chapter covers an individual special fitting situation -- type of lens or patient condition. Easy-to-use guide for the eye care specialist who wishes to expand their range of contact lens modalities.
