Amanda Anderson M.S. CCC-SLP : Speech Therapy Aphasia Rehabilitation *STAR* Workbook IV: Activities of Daily Living for: Attention, Cognition, Memory and Problem Solving before purchasing it in order to gage whether or not it would be worth my time, and all praised Speech Therapy Aphasia Rehabilitation *STAR* Workbook IV: Activities of Daily Living for: Attention, Cognition, Memory and Problem Solving:

3 of 3 people found the following review helpful. Very helpfulBy Patricia DavidsonBought this book for my husband after he had a stroke. The book is good for those that have aphasia. There are pictures, sentences, etc to help patients retrain their brains to speak and remember information.2 of 2 people found the following review helpful. Great

resource! Therapy templates all targeting FUNCTIONAL skillsBy CustomerGreat resource! Therapy templates all targeting FUNCTIONAL skills. I used in skilled nursing facility and in outpatient setting to target a wide array of cognitive-linguistic skills. Would recommend, especially at its wonderful price.0 of 0 people found the following review helpful. Four StarsBy WindyWugave me lots of good ideas..the book is good..but not exactly what I expected.

Workbook to target activities of daily living. Focusing on cognition, memory, attention, sequencing and problem solving skills. Targets everyday tasks: shopping, budgets, medication management, appointments, dining out, schedules and more.
