Jim Clover : Sports Medicine Essentials: Core Concepts in Athletic Training Fitness Instruction (with Premium Web Site Printed Access Card 2 terms (12 months)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sports Medicine Essentials: Core Concepts in Athletic Training Fitness Instruction (with Premium Web Site Printed Access Card 2 terms (12 months)):

0 of 0 people found the following review helpful. basics are the building blocks for sports med. get it. learn it. remember itBy Soccernationgreat to get your basics down.0 of 0 people found the following review helpful. Three StarsBy Good_Mangood1 of 1 people found the following review helpful. Excellent product at a great price.By

LaMitreThe book we got was in very good shape and thanks to promotion I got it almost free. It had some sections highlighted already so that helps with focusing on important topics.

Correlating with NATA Standards, **SPORTS MEDICINE ESSENTIALS: CORE CONCEPTS IN ATHLETIC TRAINING FITNESS INSTRUCTION**, 3rd Edition introduces essential skills in Sports Medicine, along with its growing number of career choices. Key topics address fitness assessment, conditioning, emergency preparedness, injury management, therapeutic modalities, nutrition, ethical and legal considerations, and much more. Students will explore careers in fitness instruction, athletic training, exercise physiology, sports management, and even physical therapy, while practicing important, job-related skills. More than a text, this unique hands-on learning tool asks students to perform essential skills, such as taping injuries, researching sports medicine supplies and their costs, and even forming a mock safety committee to mitigate injury risks to athletes. **SPORTS MEDICINE ESSENTIALS: CORE CONCEPTS IN ATHLETIC TRAINING FITNESS INSTRUCTION**, 3rd Edition gives students VIP access to the fast-paced world of Sports Medicine in both print and interactive eBook formats.

"This is a complete manual. There is no need to research tables and charts as they are all here. This can also be used as a reference text as well!" your text is more comprehensive, has more relevant content, and a glossary and index."About the AuthorJim Clover is an Adjunct Professor at California State University, San Bernardino and Retired teacher at Riverside County of Education Career Technical Program for 20 years. Coordinator Riverside Medical Clinic's Sports Clinic and SPORT Foundation, Mr. Clover coordinates sports medicine services for 40 schools in Southern California. He invented the Trainer's Angel (a cutting tool to remove football helmets in emergencies) and received the NATA's Most Distinguished Athletic Trainer Award in 2004. In addition to a holding a Master's Degree in Education, he is an NATA Certified Athletic Trainer, Physical Therapy Assistant, and NASM Corrective Exercises Specialist.
