Staff Training and Survey Readiness provides practical guidance and tools to train leaders, physicians, and staff about accreditation and regulatory compliance requirements in easy- to- read terminology. It also provides direction on how

to become excellent tracer team members and build the confidence to take ownership of an ongoing compliance program. Most importantly, with the training in this book, staff will gain a renewed focus on providing quality patient care and safety, not just for accrediting or regulatory reasons, but because of a culture shift that values patients above all else. This book will help you: - Understand accreditation's role in improving healthcare quality and safety - Prepare for working with The Joint Commission, CMS, and other regulatory agencies and accreditors before, during, and after the survey - Develop skills and tools for working with peers, leadership, and department heads to create a culture of continual readiness - Work with tracer tools to track improvements and encourage continuous survey readiness and a culture of safety and quality
