Posted to a new ship, we are introduced to a new group of shipmates and new storylines.. The author builds on his foundation from Book #1 by taking a raw Midshipman to that of Lieutenant in the British Navy. The author masterfully mixes in history to the narrative as the story flow builds in action as our hero is matched up to new challenges as he must lead men in battle and manage to stay alive. The action builds as does our interest. The end result leaves the reader hungry for more.0 of 0 people found the following review helpful. Better and better!By Kindle CustomerThese books will draw you into a world of excitement and adventure that few other series can match. You feel the excitement and the heartbreak as you follow Lt Bolitho through his career and life. Top notch adventure0 of 0 people found the following review helpful. very good read full of actionBy bookwormserKent has kept the action going and I sometimes feel as if I'm on the deck with him and his crew.
