**AABB (American Association of Blood Banks) : Standards for Cellular Therapy Services, 6th edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Standards for Cellular Therapy Services, 6th edition:

The sixth edition of Standards for Cellular Therapy Services details the latest standards of practice for accredited cellular therapy facilities. Significant changes:New and enhanced standards that address clinical activities, including but not limited to standards about patient consent, patient care, preparation for administration, and clinical outcomes reporting.Restuctured Chapter 5 Process Control to divide the chapter into four distinct areas of focus: general process control, procurement activities, processing activities, and clinical activities.Expanded non-hematopoietic content addressing elements of novel cellular therapies.Several revisions to assist in the international application of the standards.(2013, AABB, 130 pages)Effective date: July 1, 2013
