Williams Wilkins : Stedman's Abbreviations, Acronyms and Symbols before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Abbreviations, Acronyms and Symbols:

0 of 0 people found the following review helpful. GREAT DEAL ON A SUPER BOOK! By Susan I love my Stedman's books and they are always helpful. This was a SUPER deal on a great book to have for reference! I recommend these books over any other medical reference books! 0 of 0 people found the following review helpful. MT Bible By Alison

Sanders I am in school for Medical Transcription and we were able to borrow this book for an assignment on abbreviations. While reading I realized how much of a treasure this book truly is so I bought it! Very easy to find since in alphabetical order and very easy to understand. I think next to the Book of Style this will be my bible for my future career. Thanks again! :) 0 of 0 people found the following review helpful. Great reference source By LarLyn This is a very useful and good book for Medical Transcription

or the medical language specialist working in any aspect of medical documentation, this new edition provides a complete guide to quick verification of spelling and meanings of abbreviations, acronyms, and symbols used in all specialties. Over 70,000 Entries
