Stedman's : Stedman's GI GU Words (Stedman's Word Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's GI GU Words (Stedman's Word Books):

0 of 0 people found the following review helpful. Lots of words....No definitions.By EddieThis book is literally a book of words. There are no definitions or explanations. I'm not sure what use it is but some have found it helpful. I found it useless. 0 of 0 people found the following review helpful. Work book. By Barbara Benson I was very pleased with the book that I received for use at my job. The condition it came in was excellent and the shipping time was excellent also. 0 of 0 people found the following review helpful. A must-have for all medical transcriptionists on your shelves. By

N. NickI will ONLY buy Stedman's books as they are very user-friendly and affordable. I use this book constantly, alongside using the internet for assistance. I am a medical transcriptionist and these books are a must in your library.

Stedman's GI GU Words, Fifth Edition provides fast and easy access to gastroenterology, urology, and nephrology terminology. Reflecting the latest advances in these fields, this edition features more than 10% new terms obtained by thorough review of respected journals, catalogues, textbooks, and Websites. This edition's updated and expanded appendix section includes additional anatomical illustrations and brand-new sample reports.
