Cathy Rockel CMT : Stedman's Internal Medicine and Geriatric Words before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Internal Medicine and Geriatric Words:

2 of 2 people found the following review helpful. Always buy Stedman's.By JennaExcellent book. I always buy Stedman's book for my medical transcription job. I have found that the majority of companies accept what is in the Stedman's book as far as accuracy more than other books. I would recommend all of their books.2 of 2 people found the following review helpful. Great condition. I love Stedmans medical books. Great book. Thank you! A+By RhondaPerfect condition. I use Stedmans medical books all the time. I have a whole library of Stedman's. My perfect

helper for a transcriptionist. Thanks you so much! A+1 of 1 people found the following review helpful. Five StarsBy
batratDelivered on time and in excellent condition. Content is useful and great in my field of work

Stedman's Internal Medicine and Geriatric Words is the perfect tool for medical transcriptionists, medical language specialists, and anyone in need of a reliable resource on internal medicine and geriatric terminology. This new addition to the Stedman's Word Book Series includes A-to-Z organization and fully cross-referenced entries that allow users to quickly find terms. Content is derived from key publications, including: Stedman's Medical Dictionary, 27th Edition, Kelley's Textbook of Internal Medicine, Principles of Geriatric Medicine and Gerontology, Annals of Internal Medicine, and the Journal of Internal Medicine.
