Stedman's : Stedman's Medical Dictionary, 28th Edition, Book/MOBILE Bundle before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Medical Dictionary, 28th Edition, Book/MOBILE Bundle:

2 of 2 people found the following review helpful. very good resource book for medical students By J. Steele I had bought an old edition of stedman's medical dictionary before on my freshman year as a nursing student and did help me a lot, this copy is for a friend of mine whose also a medical student and very glad that I recommended it for her, very good resource book for medical students. 1 of 2 people found the following review helpful. excellent deal By Queen Splendiferous This came in a timely manner, it was used, but had a perfect cover on it, maybe it wasn't used, i can't remember how i came up with that conclusion, however it was in mint condition, no pages torn or even bent/crinkled. I couldn't have gotten a better deal on it. and it was packaged perfectly. will definitely buy from this

person again. 0 of 1 people found the following review helpful. Not quite the right description information, but the book was in good condition. By Sherry Ellis The product is great; although, according to the description of the product I thought I was purchasing the book was supposed to be a 2013 addition and not a 2006 edition.
