That's ok I can live with that, besides it was such a great price. Book is very informative. Just what I needed.6 of 6 people found the following review helpful. Great Dictionary!By smoederThe Text was everything and more than I expected. It has been very helpful when completing assignments. There are also several anatomical depictions that are very helpful as well.0 of 0 people found the following review helpful. Recommended For Healthcare ProfessionalsBy Kamilah ConeyI absolutely recommend this for ALL nursing students and professionals! I don't know why I waited so long to obtain this book. Definitely adding this to my nursing book library.

Featuring over 54,000 entries, this thoroughly updated Sixth Edition contains the medical terminology used in over 30 of today's fastest growing health profession areasplus comprehensive inclusion of entries suited for the nursing field. The book includes 1,000 enriched color images and photographs, detailed images by Anatomical Chart Company in a glossy insert, 68 appendices, and cut thumb tabs for quick A-to-Z reference. More than 46 leading consultants from health professions and nursing contributed to the enhancements of this edition. A bound-in bonus CD-ROM includes the features of the print edition in fully searchable format, over 48,000 audio pronunciations, approximately 50 anatomical animations, plus Stedman's Plus Medical/Pharmaceutical Spellchecker.
