**Stedman's : Stedman's Medical Terminology Flash Cards on CD-ROM** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Medical Terminology Flash Cards on CD-ROM:

0 of 0 people found the following review helpful. Great study dvd!By ray rakowskiI love interactive computer technology! This study system makes learning fun! Would like to find more like this to expand my knowledge of anatomy and physiology!0 of 0 people found the following review helpful. Five StarsBy sunnyPERFECT

Stedman's Medical Terminology Flash Cards on CD-ROM is an easy-to-use self-study and educational tool for medical terminology. Using the Lippincott Williams Wilkins test bank engine, questions are presented in multiple-choice, spelling-bee, matching, and fill-in-the-blank exercises. Questions are available in both study and test mode, by chapters (specialties) or by question types. Also included are audio pronunciations of combining forms and medical terminology, used in a spelling settinghear the word, spell it. This product can be used in the educational setting to quiz students, and by independent students or professionals wishing to brush up on their medical terminology. Windows Compatible
