Stedman's : Stedman's Medical Transcription Skill Builders: Creating Orthopaedic Reports (Point (Lippincott Williams Wilkins)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Medical Transcription Skill Builders: Creating Orthopaedic Reports (Point (Lippincott Williams Wilkins)):

2 of 2 people found the following review helpful. Great Product + CD-ROMBy LilDeerThere are great reports and much needed vocabulary terms that are helping in this book.I feel let down by my current text book in that I'm getting assignments weremost of the terms used are not even in my Medical Transcription Fundamentals text book, which bites.3 of 3 people found the following review helpful. Stedman's Medical Transcription Skill BuildersBy ONLYIRISHI ordered this book used, and the whole process from beginning to end was quite easy and the book arrived fast and was in great condition. If you are an MT in orthopaedic's this is a must have book. It also comes with a

cd in the book. I am very pleased all around. Thank you4 of 4 people found the following review helpful. A Stedman's EssentialBy Susan K TroxellThis will challenge the most experienced of MTs. If you are looking to hone some ortho skills, this is certainly one book that will help.

Stedman's Medical Transcription Skill Builders: Creating Orthopaedic Reports is the best new resource for medical transcription education. A brand-new addition to the Stedman's Medical Transcription Skill Builders series, Creating Orthopaedic Reports delivers the tools needed to master the terminology, gain valuable transcription experience, and learn editing and proofreading skills, all of which are required to succeed in the challenging field of orthopaedics. Features include: Thorough coverage of the terminology encountered in orthopaedics transcription, complete with easy-to-understand definitions and descriptive illustrations. Terms are cross-referenced with sample orthopaedic reports to reinforce the learning process by showing terms in context. Audio dictation files encompassing a variety of orthopaedic topics, many different dictators, and multiple accents and dictating styles, each intended to challenge and build transcription skills. Corresponding answer keys identify common errors and provide immediate remediation. Fifty proofreading and editing exercises to help build the quality assurance skills needed when working with hospitals and clinics. Answer keys contain targeted feedback and reference the appropriate source for grammar, style, and usage rules. Appendices covering slang terms commonly encountered in orthopaedics, useful Web sites, standard proofreader's marks, report and term indices, and additional grammar and style tools. Plus, a BONUS CD-ROM! Each copy of Stedman's Medical Transcription Skill Builders: Creating Orthopaedic Reports contains a CD-ROM loaded with enhanced learning and practice features, including: Audio pronunciation glossary of orthopaedic terms Matching, fill-in-the-blank, multiple-choice, figure labeling, and spelling bee exercises Crossword puzzles Audio dictation files Electronic answer keys Both students and veterans alike will benefit from this extraordinary resource. Develop your skills and enhance your proficiency with Stedman's Medical Transcription Skill Builders: Creating Orthopaedic Reportsa key addition to your educational library.
